

**Danil Vakhidov**  
*Web developer*

Danil Vakhidov is a web developer with 10 years of experience. Danil was one of the founders of Kazantsev Creative Group studio where he was responsible for technical development of the projects. Later on he was invited to join “IKEEN” as a technical director, where he supervised planning, designing and managed web developers’ operations. The next step in Danil’s career was the position of a QA Engineer at Web Masters and Testing Department at “Agava”. He participated in developing ifolder.ru, which is the most frequented file sharing service in Russia. Danil also has experience working as an educator; he held a web technologies course at Kyrgyz National University named after Zh. Balasagyn, as well as web engineering courses at “Agava”.

Over the course of his career Danil gained valuable experience in developing websites of various functional abilities and contents – from corporate to highly frequented multi-million services. While creating web sites, Internet and web services, he monitored their launch and ensured smooth operation at times of high loads. FC appreciates Denil’s experience and talent that allow him to complete projects of any difficulty even on the tightest deadlines.

**To me, my profession is...**

an opportunity to live without having to worry about financial aspects of life

**Career highlights**

the first job (at 16), working at IKEEN and Agava, teaching at the university

**I chose Flexi Communications**

to my mind, it is a promising company staffed with professional and fascinating individuals

**I am proud of**

the “360 degrees” club

**What matters to me**

is the opinion of the people that are close to me

**Apart from work I am interested in**

extreme in all its forms. Snowboarding, of course. Along with mountain boarding, wind surfing, mountain biking, kiting. In short, the wind in my hair and the feeling of weightlessness in flight

**I also can**

do a backflip on a snowboard from Big Air and perform two-handed carving on a hard board

**I want to learn**

how to do a rodeo 540 and a frontflip on the snowboard, as well as a backflip on the mountain board. All that, of course, in addition to perfecting my professional skills
