

Victor Bocharov
Designer

Victor possesses unique experience of implementing design solutions that are new to the Central Asian market. He focuses on ambient, 3D outdoor and street painting, successfully applying his expertise in the course of his relations with FC clients. Apart from industrial design as well as exterior and interior design, Victor works with layouts, retouching and graphic design. When working on client's project, Victor never limits himself to customer's vision, going beyond and stepping up with his own suggestions. He is a very positive person with a keen interest in life and friendly, tolerant attitude towards others.

In 1999 Victor graduated from Chuikov School of Design majoring in Art Design. In 2006 he received a degree in Political Science from the Institute of European Civilizations. Victor took multiple color correction classes as well as flexoprint pre-press preparation courses offered by "Du pont" and Moscow State University of Printing Arts.

He embarked on his career as a scenic designer, later moving on to being a graphic and layout designer at "ST art ltd" and "Triada print Ltd" printing facilities, as well as at "Triada flex Ltd" flexographic printing center. Victor also worked as an art director at "Sled production house" advertising agency and "Up adconsulting" advertising consultancy.

To me, my profession is...

The chosen path

Career highlights

Participated in "Sled production house" projects related to Kazakh motion picture industry

I chose Flexi Communications

For room for professional growth, opportunities to turn edgy ideas into reality and a chance to work as part of a professional team with a positive attitude.

The agency is welcoming in all respects; from working environment to interaction

I am proud of

My family

What matters to me is

To be interesting and to make sense

Apart from work I am interested in

Fashion, manufacturing industry;
Cultures of India and Japan;
Cooking

I also can

Surprise :)

I want to learn

To live in harmony
