

Vugar Khalilov  
CEO

Vugar has extensive working experience with Western media industry and communications consulting. Vugar worked as a producer and a presenter for the Russian Service at the BBC World Service headquarters in London. Prior to that he mastered his professional skills serving as a Moscow-based reporter for the BBC Russian Service. During his time with the British Broadcasting Corporation, Vugar successfully established relationships with top government officials, covered political and economic events in CIS and also served as a war correspondent in dangerous Caucasus areas. Before joining the BBC staff Vugar worked for the US radio station "Liberty" and was among the first few independent journalists to initiate cooperation with foreign mass media. In his reports Khalilov focused on political processes in the republics of the former USSR, covered economic, power and business matters. In recent years he served as a consultant to a number of government agencies and companies on UK mass media communications and image issues. During his time, a partner at one of the leading British financial PR agencies, Vugar provided advisory to companies located in CIS countries in matters of communications support, investments raising and positive image building.

#### To me, my profession is...

The self-expression tool

#### Career highlights

Has begun career, being the student. Worked as the journalist on radio "Liberty", shined the important events of a perestroika and postperestroika period. Then was regular correspondent BBC World Service, Russian Service (Russian service of BBC) Last place of work to FC - Peregrine Communications where as the partner supervised the CIS countries and Turkey

#### I chose Flexi Communications

When I conceived FC, my purpose was to create the professional PR-agency rendering services in sphere of communications, and to transform it into the leader not only within the limits of the country, but also region

#### I am proud of

The partners and colleagues

#### What matters to me is

Logicity of the subject

#### Apart from work I am interested in

Fast driving on the car

#### I also can

If I will lay down the aim, to a smog much

#### I want to learn

To eat manty correctly
